

## Dr Marcus Oldenburg

### *Position:*

Head of Department Maritime Medicine

### *Department:*

Institute for Occupational and Maritime Medicine, Germany

### *University:*

Medical Center Hamburg-Eppendorf (UKE), Germany

### *Short Bio:*

**Marcus Oldenburg, MD, PhD** is a specialist in occupational medicine and leader of the department of Maritime Medicine of ZfAM. He has over 20 years of experience in this field. He has more than 40 publications in peer-reviewed journals. He is member of the Committee for Medical Equipment in Maritime Shipping for the German Flag. Due to numerous maritime studies, extensive networks and collaborations with maritime stakeholders have emerged (including the Association of German Shipowners (VDR), many shipping companies, the cruise industry, the port and airport medical service, the BG Verkehr, the welfare facilities for seafarers and maritime universities).
