

## Dr Constantine Vardavas

- Research associate, University of Crete, Greece
- Lecturer, Oral Health Policy and Epidemiology, Department of Oral Health Policy and Epidemiology, Harvard School of Dental Medicine.

### *Short Bio:*

Dr Vardavas has clinical training in medicine (MD) and nursing (RN) and postgraduate training in public health (MPH, PhD). He is a research associate at the University of Crete, Greece and holds a part-time Lecturer appointment in the Department of Oral Health Policy and Epidemiology at the Harvard School of Dental Medicine as co-director of the Dental Public Health courses "Design, Analyses and Reporting of Complex Survey Data I and II" (DPH703 and DPH803). His teaching and research focus on the application of research methods into daily clinical and public health practice that can lead to the formulation of evidence-based decision making.
